

EDUCATION KITS

THE NEED FOR EDUCATIONAL SUPPLIES

In developing countries, many children whose families cannot afford school supplies are also not able to attend school.

In many of the international locations that Matthew 25: Ministries helps, teachers are given a minimal amount of school supplies such as paper and pencils to last them and their classes an entire school year.

Matthew 25: Ministries collects educational products and supplies for our Education Kits to help needy children here in the United States and around the world.

Donate loose materials to Matthew 25: Ministries; or set up an off-campus project to assemble educational kits for needy schools.

TESTIMONIAL

"We gave the children their boxes of school supplies Friday at school. Their eyes went from dull to stars in a moment of looking at crayons and markers and papers. They were very appreciative!"

*Sincerely,
Cindy"*
