## WE ARE EXPANDING

In 2021, we acquired a building across the street from our facility, adding another 100,000 square feet and 16 loading docks to our campus, bringing our total space to more than 300,000 square feet. The building is primarily being used as a centralized hub for our Disaster Response Fleet and supplies, as well as providing expanded space for warehousing, donation drop-offs, and volunteers. This additional space will help us respond more efficiently to disasters and accommodate even more product donations, helping us distribute more aid to those in need.

**Our product donation drop-off location has moved to our new building, 11083 Kenwood Road, Cincinnati, OH 45242.**
