

OFF-CAMPUS VOLUNTEER PROJECTS

Matthew 25: Ministries has several craft and activity based off-campus projects that are ideal ways for individuals, service clubs, scouting groups, church teams and more to get involved in helping those in need.

CHILDREN'S KNITTED/CROCHETED BLANKETS, HATS, AND SCARVES

A great way to utilize knitting or crocheting skills is to create a one of a kind gift that is both practical and has a positive emotional and psychological impact on the recipient. Donations of hand knitted/crocheted blankets, hats, and scarves are distributed to children in need to keep them warm during the cold winter months.

CHILDREN'S FLEECE BLANKETS AND SCARVES

Fleece blankets and scarves are quick and easy to make and provide a warm, much-needed and necessary item to children in need.

TESTIMONIAL

"The winter accessories have been a blessing to our families. To see students getting excited over their coats and matching gloves, scarves, and hats is so special. It is as good as receiving their favorite new toy. These students take pride in their new winter attire and wear it proudly all season."
